- We offer our representatives a unique opportunity to represent an industry leader with an amazing reputation for trust and integrity. Our compensation plan includes lifetime residual income, substantial commissions, and a ton of great bonuses and incentives. Our average representatives make 2-5 sales per week and make \$300 - \$5,000+ per sale. In addition they earn monthly residual

income on every one of those accounts, for as long as the merchant remains a customer. These accounts pay residual income of \$25.00-\$500.00 or more per account/per month!

- You can earn this kind of money with no investment and by helping business owners lower their costs, improve their processes, growth their business and profits and save time
- My salespeople that make this kind of money are on the phone or out in the field daily, getting in touch with as many merchant business owners as possible. Prospecting, qualifying and presenting the value behind our products and services. My top full time agents get in front of no less than 30-60 or more merchants a day
- All of the Training and Materials are provided and my team and I will support you throughout each business day
- We provide complete training via a series of videos you watch and tests you complete to confirm you are absorbing the material. Once you complete the video series additional one-on-one training is provided to help develop your game plan and twice per week webinar training sessions as well
