

Bank Account Update

There are two ways you can update your bank account information. You can use this form and your request will be processed in 3–5 business days. However, to expedite your request, we recommend that you submit changes directly through the Compass Online Reporting Tool. Login to Compass at my.clearent.net/ui/home. Click on Account Setting on the left side of the screen then select "Bank Account Settings". Your changes will then be processed in 1–2 days.
