Clover Buyer's Remorse Returns

All Clover Buyer's Remorse returns can be requested by opening a **Clover/Clover Returns** CoPilot merchant ticket. The CardConnect Deployments team will work the ticket and will send the device to the appropriate vendor.

Please Keep in Mind: While hardware can be returned unopened in original packaging *or* in an opened box with different packaging, devices **not** in original packaging will be evaluated - approval for credit will be determined by the condition of the hardware.

Once the device is received and has been vetted and approved, CardConnect will issue a credit to the agent/merchant - minus the restocking fee (see below for more details). Please note, shipping costs are non-refundable.

Restocking Fees

- **Clover Station 2:** $250.00
- **Clover Mini:** $250.00
- **Clover Flex:** $250.00

Note: All other Clover accessories that can be ordered separately (Cash Drawers, printers, barcode scanners, weight scales, etc.) have a $10.00 restocking fee per item.

Expert Tip: If you do not want to incur the above fees, you may keep the Clover Buyer's Remorse device and request a re-provision.
